

# Willie D, Throat

Hey, what's up, shit  
It's Willie D  
A.K.A. Gangster of Love  
Oh, me? I'm a scorpio  
And, uh, you know what they say about scorpions  
You know they say we're vindictive  
And we like to get freaky and shit  
And that might be true  
Myself, I like women that, uh  
Suck a nut, chew a little butt  
And uh, shit, if you like women, shit, that's cool too  
We can mix it up and make a gumbo or something like that  
You know, shit  
But you know what pleases me most about a woman  
If she can suck some good dick you know  
Now that's, that's the shit right there  
And uh, and if you fit this description baby  
Ha, ha, yeah, this is what I want you to do

(Gerome Hulett)  
Take my manhood  
Deep throat it baby, like a woman should  
Why don't you show me how good it can be  
Lay it all on me, I want you to  
Throat, throat, throat, throat on (4x)

Verse 1: (Willie D)  
What's my name? (Willie D)  
What's my game? (R.A.P.)  
What's my sign? (scorpio)  
Now let me tell y'all about this hoe  
I knew this bitch named Alexia  
She fronted on the pussy cause she thought she was sexier  
Than any other motherfucker that I fucked with  
One week later she was sucking on my homie's dick  
Like a pro, you know she did the whole crew  
I heard that she sucked a little pussy too  
She licked my dick and my nuts from behind  
Then she ran this line (you know it's my first time)  
Bitch stop lying, and pick up your fade  
You been a freak since the third grade  
That's what I told the little heffer  
Walking around thinking her pussy's special  
Niggas think she's a square  
But she done seen more dicks than Hanes underwear  
So if a bitch want to fuck I'll make her holler  
But before I nut, the bitch gotta

(Gerome Hulett)  
Throat, throat, throat, throat on (4x)

Verse 2: (Rasir X)

Yeah, it's that big daddy y'all  
And this shit's kind of freaky tonight, yeah  
Carrie, motherfucking scorpio  
I like big hoes cause I like to make gumbo  
Big bitch that like to fuck  
Take my dick, let her friend have a quick suck  
Got a mouth sopped like a mop  
When it comes to dick slop, she don't waste one drop  
Like to eat and get her pussy ate  
In a room full of bitches, she'll masturbate  
Big and sexy, wear a lot of lipstick

I like to watch her tongue-kiss with my other bitch  
Take her finger, slide it up her pussy  
Show her girlfriends that Carrie make whooptie  
And you niggas just shit out of luck  
You a wasted fuck cause her fantasy's locked up  
But I'm the key to her imagination  
When your girl's filling out my application  
She have

(Gerome Hulett)

Throat, throat, throat, throat on (2x)

Verse 3: (Sho)

Virgo, a nigga named Sho  
I like a bitch to lick from elbow to asshole  
The type of bitch that never quit  
The type of bitch that comes to my crib and bring her own flick  
She's a freak and she ain't scared to let it out  
The type of bitch to wake a nigga up with my dick in her mouth  
She's a hoe, but she's undercover  
And quick to take advantage of you friendly ass motherfuckers  
For the ones who step and don't know her rep  
Kissing in public with my nut on this bitch breath  
She want your ass for security  
You leasing the body, but the pussy belong to me  
And when you in the pussy don't you get the notion  
That you just a little rock in the ocean  
I know you all serious and shit  
And you'd probably have a fit if you knew I told your bitch this

(Jerome Hulett)

Throat on, throat on....
