

# Willie Nelson, No Love Around

(Phases and stages circles and cycles and scenes that we've all seen before  
Let me tell you some more let me tell you some more)

I come home last Saturday morning I come home and found you gone  
Well there was a note tacked on my door said your baby don't love you anymore  
Well I got dressed up and I went downtown I got dressed up and I went downtown  
Well I walked up and I walked down  
Well there weren't no love there weren't no love around

There weren't no love around there weren't no love around  
There weren't no love around there weren't no love around  
There weren't no love around there weren't no love around  
There weren't no love around there weren't no love around

Well I come home and I lay down I felt my head spinning round and round  
Lord I poured my dreams and I drank 'em down no there weren't no love  
There weren't no love around  
There weren't no love around....
