

Willie Nelson, When We Live Again

When we live again
When we live again
Let's relive again
The time we know now
I'll find your face again
We'll find our place again
Let's plan to meet again, dear
When we live again
I'll know you by love and wisdom
In your eyes
And I'll wait for you
Outside the chambers of the wise
And let's not lose the day
The progress love has me
Let's plan to love again, dear
When we live again
I'll know you by love and wisdom
In your eyes
And I'll wait for you
Outside the chambers of the wise
