

Willie Nelson & Wynton Marsalis, Stardust

"(Willie Nelson, vocal)"

Sometimes I wonder why I spend
The lonely nights
dreaming of a song
And the melody haunts my reverie
And I am once again with you
When our love was new
And each kiss an inspiration
But that was long ago
And now my consolation
Is in the stardust of a song

Beside a garden wall
When stars are bright
And you are in my arms
And the nightingale tells his fairy tale
Of paradise where roses bloom
Though I dream in vain
In my heart there always will remain
My stardust melody
The memory of love's refrain

"(Saxophone break)
(Piano seque)
(Trumpet break)"

Though I dream in vain
In my heart there always will remain
My stardust melody
The memory of love's refrain
