

# Wilson Phillips, Everything I Need

We've been through so much  
we've stayed in close touch  
seems like we've always been together.  
We've sung the same song  
unchanged for so long  
seems like we've been singing it forever.

When love began so easily  
feels like it was meant to be  
You're the special lover Heaven chose me  
And after all is said and done  
we've had our fights we've had our fun  
and you're the only one who really knows me.

And Everything I Need I find in you.

Time keeps on going  
love keeps on growing  
and all the changes that we go through  
are so revealing  
they leave me feeling  
I'm just so happy that I know you

Everyone I ever knew  
is looking for a someone who  
can fit into the spaces in their dreams  
I don't know where we're headed to  
but here is me and there is you  
or so it seems, yeah so it seems

Whatever happens, we'll make it happen  
don't need to worry about tomorrow  
We have each other and we'll discover  
life has it's happiness and sorrow

But we'll continue come what may  
love grows stronger every day  
We've discovered so much more about it  
It feels so right it feels so good  
it feels the way a true love should  
I can't imagine living life without it

And everything I need I find in you.
