

# Winans Phase 2, Too Much Heaven

(Chorus)

Nobody gets too much heaven no more  
It's much harder to come by  
I'm waiting in line  
Nobody shows too much love any more  
It's as high as a mountain but harder to climb  
Ooo, I'm here to let you know there's a pie beyond the sky  
Made of pearly gates precious streets of gold no more painful tears to cry  
In my mind we will live in love forever  
Peace will always reign and never die  
Love is such a beautiful thing  
So just take his hand, put your mind at ease  
He will take you there, if you just believe

Chorus

Ooo, take a look around, there's confusion everywhere  
People running wild to the homeless child  
And it seems that no one cares  
Something's wrong

When will all this hate be over  
Time is come to write a different song  
Love is such a beautiful thing ooh, yeah  
We need to understand with an open mind  
We can change the world, just give love a try  
Nobody gets  
Nobody gets too much heaven no more  
It's much harder to come by  
I'm waiting in line  
I'm waiting in line what about love  
Nobody shows too much love any more  
It's as high as a mountain but harder to climb  
It's the hardest mountain to climb  
Love is such a beautiful thing  
So just take his hand  
Put your mind at ease  
He will take you there if you just believe
