

# Wings, So Glad To See You Here

Someone's got a home tonight  
Someone's got a road tonight  
Someone's got a way, action will be red  
You you wanna worry?  
Oo, you're gonna knock 'em dead

Someone's got a show tonight  
Someone's gotta go tonight  
Someone's doing rhyme, someone turn your mind  
Someone to lift your eyes u  
Leanin' toward the light, ooh

So glad to see you here  
So glad you could come, yeah  
So glad to see you here  
Carry on, carry on

Yeah, yeah oh, we're going up tonight  
Well in time to make a flight  
The airplane's standing on the runway  
Engine nervously waiting for something to bite, yeah, yeah

Got to roll tonight  
You got to roll tonight  
Some have got it bad, some have got to do it  
You got it better, and there's nothing to it, no no no no

So glad to see you here  
So glad you could come, yeah  
So glad to see you here  
Carry on, carry on

Someone's got a home tonight  
Someone's got a road tonight  
Someone's got a way, action will be red  
You you wanna worry?  
Oo, you're gonna knock 'em dead

Ya, oh no no no no, yeah  
We're open tonight for fun  
We're open tonight for fun  
We're open tonight for fun  
We're open tonight for fun  
We're open tonight for fun
