

Winter, Destiny

The desert mist
Inferno rise
The tyrants of oppressive life

Grant us strength in this journey
Chaos my destiny
My palace of wisdom

Acting on minimal instinct
Gates of steel secure my fortress

Grant us strength in this journey
Chaos my destiny
My palace of wisdom

Swirling winds by moonlight
Cries of birdsong at dawn

Dreaming eyes of destiny
Storms of Northern winds
Eternal screams of twilight hope
Enchanted apparition seek eternal life

A restful sleep embodies me
Like hourglass sands
Clench souls of scorned

Grant us strength in this journey
Chaos my destiny
My palace of wisdom
