

# Winter Gloves, Let Me Drive

I thought you were ultimately right  
I know you're not, come on just let me drive  
And I say

You sail me over the world  
You sail me over the world  
I said, I think I'll never be the same  
But you did it over again  
And I said

I can't wait 'till you pick me up tonight  
You know I should take the wheel and drive  
And I said, I thought you were ultimately right  
The streets are empty, come on just let me drive

And you sail me over the world  
And you sail me over the world  
I said, I think I'll never be the same  
But you did it over again  
And I said
