

Wintersleep, Home

So glad to be back home, be back home
So glad to be back home, be back home
I can't stay too long, be back home
So glad to be back home, be back home

The winter hits so hard, hits so hard
The winter hits so hard, hits so hard
Every little part, hits so hard
Loving to hit so hard, hits so hard

So glad to be back home, be back home
So glad to be back home, be back home
So glad to be back home, be back home
So glad to be back home, be back home
