

# Wintersleep, Orca

I'll be a killer whale when I grow up  
I'll be a vulture  
I'll be an animal  
A carnivore  
I'll be a monster  
Clenching my jagged jaws  
Over the capture  
I'll be a killer whale when I grow up

I'll be a tidal wave when I grow up  
Crashing on harbours  
I'll be a tempermental element  
A raging water

I'll be a perfect storm swallowing over  
I'll be a killer whale when I grow up  
I'll be a monster

I'll be a hurricane when I grow up  
An ugly thunder  
I'll be a forest fire about to flood  
Over an empire  
I'll be an avalanche chewing its rupture  
I'll be a killer whale when I grow up  
I'll be a monster

I'll be a killer whale
