Wire, Single K.O.

I've found something No one else is looking for I've found something That there's no use for

And what's more I'm keeping it to myself

I'm leaning over backwards Shoulders pressed to the floor I'm leaning over backwards Shoulders pressed to the door

Two falls or one submission Or a single K.O. Two falls or one submission Or a single K.O. But what's one submission Amongst friends?
