

# Wired All Wrong, Nothing At All

Once knew a girl by the name of Emily  
Who I would go and visit on the downtown seat  
She promised me love but it didn't come free  
And I don't mean money but the way she'd be like

"It makes no sense to me why  
You can't just stay with me tonight  
You're the apple of my eye"  
S... like that so I never went back but

Now they've come to take me away  
What have I done to be so afraid  
Staring down the barrel of a gun

And lady I don't know you, you don't know me any better  
Better listen what I'm sayin, cause this means  
Nothing at all, nothing at all, nothing at all  
Lady tell me the truth, can we trust to the letter?  
Better listen what I'm saying, cause this means  
Nothing at all, nothing at all, nothing at all

Check it  
Always known a girl by the name of Christine  
Who I've been macking on since the age of 19  
She could lead me on like a border collie  
But I still keep coming like I hit the ground runnin' sayin'

"I'll do my hair up real fly  
I'll wear brand names that you like  
You're the apple of my eye"  
S... like that but she never called back so

Now they've come to take me away  
What have I done to be so afraid  
To turn her off like a television

And lady I wanna know you, don't you wanna know me better  
Better listen what I'm saying, or is this  
Nothing at all, nothing at all, nothing at all  
Lady I'm telling the truth, trust me to the letter  
Better listen to what I'm saying, or is this  
Nothing at all, nothing at all, nothing at all

Guess it was something I said  
That put those thoughts in your head  
Guessing you're better off dead  
If you can't make me notice

Guess it was something you said  
That put those thoughts in my head  
Guessing I'm better off dead  
If I can't make you notice

All in all the damage is done  
Why can't we turn it off and on like a television  
Now I'm staring down the barrel of a gun  
Because I can't make you notice a reaction

And lady I don't know you, you don't know me any better  
Better listen what I sayin' cause this means  
Nothing, nothing, nothing at all  
Lady tell me the truth can we trust to the letter?  
Gotta listen what I'm saying, cause this means  
Nothing at all, nothing at all, nothing at all

Oh... nothing at all  
Oh...
