

# Wishing Chair, Higher Ground

The waters are rising  
I can feel it  
Where oh where can we stand  
The rich and the wicked pulling us down  
Better move on to higher ground

The trees that they're cutting  
Higher ground  
The tops off the mountains  
Higher ground  
They've poisoned the waters  
Higher ground

Better move them all to higher ground

Their colors of justice  
Higher ground  
The heartbroke and homeless  
Higher ground  
The beatings that won't stop  
Higher ground

Better move them all to higher ground

By helping each other  
It's higher ground  
Teaching the children  
The higher ground  
Protecting the Mother  
The higher ground

Together on the higher ground  
Now we're standing on the higher ground
