

Wishing Chair, She's Everything

It's not the way that you hold me
The way that you know me
The way that you say my name
It's not the laugh behind those sleepy eyes
That keeps me coming back again

How can I explain it?
I'll step right up and claim it
Baby, can't you see?
She's everything to me

She's my one good reason
Champion season
First warm day in spring
She's got the looks to bring me down
To pure surrendering

How can I explain it?
I'll step right up and claim it
Baby, can't you see?
She's everything to me

Everything I've ever said and done
Tells me that she's the one

She's pure electric
Unexpected
Knocks me off my feet
She makes me want to cry out loud
Then whisper something sweet

How can I explain it?
I'll step right up and claim it
She's everything to me
