

# Witchery, Demonication

demons - like whirlwind through your soul  
no escape - through the flesh  
like a razor to the bone

far from grace-hells hot embrace  
demonication

angels - flee like lambs when approached by the wolf  
hunters - of the damned  
will devour your faith  
they kill without a trace

far from grace - hells hot embrace  
demonication

the diabolical force - the minions of death awaits  
an army of wrath - join the ranks of stink and hate

far from grace - hells hot embrace  
demonication
