

Withering Surface, Superior Seed

Illustrated thoughts undescrivable foams
Shadows of blue scrapes
Selfish, unprevailed, to everflowing extinct
Cells, cocooned, protected

Tissues, illustrated, visionable by
Black everflowing sense,
Unknown species take human form
Desired - into uncanny demise

Selfish, unprevailed
Tomorrow already looks
Better than yesterday
Worse than ever

And though everything remains
Features, creatures now
Tomorrow already looks
As a dying illustration

Drawn, written and calculated
Basic values have
No age, eventhough it shapes
Six above the calculated
Tombs, of my Armageddon
As the moonlight shines
