Within Temptation, Fire And Ice

Every word you?re saying is a lie Run away my dear But every sign will say your heart is deaf

Bury all the memories Cover them with dirt Where?s the love we once had Our destiny?s unsure Why can?t you see what we had Let the fire burn the ice Where?s the love we once had Is it all a lie?

And I still wonder
Why our heaven has died
The skies are all falling
I?m breathing but why?
In silence I hold on
To you and I

Closer to insanity
Buries me alive
Where?s the life we once had
It cannot be denied
Why can?t you see what we had?
Let the fire burn the ice
Where?s the love we once had
Is it all a lie?

And I still wonder
Why our heaven has died
The skies are all falling
I?m breathing but why?
In silence I hold on
To you and I

You run away You hide away To the other side of the universe Where you?re safe from all that hunts you down

But the world has gone where you belong And it feels too late so you?re moving on But can you find your way back home?

And I still wonder
Why our heaven has died
The skies are all falling
I?m breathing but why?
In silence I hold on
To you and I

Every word you?re saying is a lie.
