

Within Temptation, Ritual

I'll make you line up cause I'm imperial
Shapeshifting into what I want and now I own you all
But I already know, I can't let you go, love my ritual
Cause I already know, I can't let you go, you're my ritual
My ritual playground

Oeh, I got the spark to light your fire
You're going down for milk and honey
With every touch I embody your desire
You're going , you're going down with my ritual

You're going down with my ritual

I'll make you rise up, into my midnight oil, drink, drink
Wet martini from my paper cup
Going down the rabbit hole

But I already know
I can't let you go
Love my ritual My ritual

Cause I already know,
I can't let you go
You're my ritual, my ritual playground

Oeh, I got the spark to light your fire
You're going down for milk and honey
With every touch I'll embody your desire
You're going, you're going down with my ritual

You're going down with my ritual

Your equality, your vanity, your relevancy, sexuality and venomous perversity
venomous perversity

Oh, I got the spark to light your fire
You're going down for milk and honey
With every touch I embody your desire
You're going, you're going down with my ritual

You're going down with my ritual
You're going down with my ritual
