Within Temptation, The Howling

We've been seeing what you wanted, got us cornered right now Fallen asleep from our vanity, might cost us our lives

I hear they're getting closer Their howls are sending chills down my spine And time is running out now They're coming down the hills from behind

When we start killing It's all coming down right now From the nightmare we've created, I want to be awakened somehow (I want to be awakened right now!)

When we start killing it all will be falling down From the Hell that we're in All we are is fading away When we start killing...

We've been searching all night long but there's no trace to be found It's like they all have just vanished but I know they're around

I feel they're getting closer Their howls are sending chills down my spine And time is running out now They're coming down the hills from behind

When we start killing It's all coming down right now From the nightmare we've created I want to be awakened somehow (I want to be awakened right now!)

When we start killing it all will be falling down From the Hell that we're in All we are is fading away When we start killing... When we start killing...

I feel they're getting closer Their howls are sending chills down my spine And time is running out now They're coming down the hills from behind

The sun is rising The screams have gone Too many have fallen Few still stand tall Is this the ending of what we've begun? Will we remember what we've done wrong?

When we start killing It's all coming down right now From the nightmare we've created I want to be awakened somehow (I want to be awakened right now!)

When we start killing it all will be falling down From the Hell that we're in All we are is fading away When we start killing... When we start killing... When we start killing...
