

Without A Cross, Cuntry Luv

Not a day goes by
I dont wish that I could kill you
And watch your body drown
In the river
Nobody will witness it
It will be the perfect crime
You will die very slowly
And I will laugh and you will cry

Taste the tears of victory
Its so sweet
Lune compassion
Makes me weak

Not a day goes by
I dont wish to drown you
Or slit your throat
Down into the bay
Take apart your lies
One fucking word at a time
Or listen to you
And your bullshit lies

Start a new glory
From the peers of the hills
Do and die no reply
Full of tears

Dont fucking lie to me
Dont fucking lie to me
Dont fucking lie to me
EVER AGAIN!!!
Dont fucking lie to me
Dont fucking lie to me
Dont fucking lie to me
EVER AGAIN!!!

You will fucking die
You will fucking die
You will fucking die
BY MY RIGHTFUL WIN!!!
You will fucking die
You will fucking die
You will fucking die
BY MY RIGHTFUL WIN!!!
