

# Wiz Khalifa, Bombay & Lemonade

Right here, let's get ratchet, uh huh

Trippy like Bombay paper planes  
Pints of codeine, pounds of Mary Jane  
If I didn't have my dope, I would go insane  
24/7 high, I will never change  
Need my Vicadin, I need my Loratabs  
I need a bad bitch with enormous ass  
Every day I'm throwed my nigga  
When you makin' this money, this how it goes my nigga

Rollin' and blowin' it by the O, my nigga  
Sippin' and smokin', that's how I get it in motion  
Smokin' the loudest and give you niggas the roaches  
Shows and after parties for all the pictures, be posin'  
Don't you doubt all that shit, so that nigga be pourin'  
Slowin' down, weed goin' round  
I'm lightin' up, it's goin' down

Lemonade and gin, I be pourin' up  
Roll another one 'cause I ain't never high enough  
TGOD, that's how we live it up  
For some real niggas, yeah you gotta give it up  
It's like a joy stick, yeah my niggas play us too  
Do or die, I be smokin' on a J or 2  
That's some pimp type shit me and my niggas do  
Yeah, we fucked up, what you heard is true

I'm on that Bombay and lemonade  
That's what be sippin' on  
Ridin' clean and sitting low  
Rollin' all my weed 'til it's gone  
I'm on that Bombay and lemonade  
That's what be sippin' on  
Ridin' clean and sitting low  
Rollin' all my weed 'til it's gone

I'm playin' that eight track and that seven deuce  
With a whole cup of that Taylor juice  
Your bitch all around, we call that on the loose  
With her hair blown and weave off the roof  
My jewelry clean, that jar full  
She got good brain, that's law school  
Wanna get high, trippy, fucked up nigga  
Oh you tryna get high, might as well pull with ya

I'm drinkin', I'm smokin'  
I'm faded, I'm loaded  
Got weed smoked, got a bottle of gin  
Got a bank roll, brought it all to spend  
Got some pre-rolls, brought all of 'em in  
And we gettin' smokey

I'm the money man with the money team  
Your money talk, well my money sing  
I'm a rock star, bitch I'm a Memphis king  
Out in Hollywood, livin' every nigga dream  
With a bunch of white girls in a limousine  
'Bout to pass the fuck out on this cup of lean  
Hey white girl, have a couple of beans  
Now let's make a movie full of fuckin' scenes

I'm on that Bombay and lemonade  
That's what be sippin' on

Ridin' clean and sitting low  
Rollin' all my weed 'til it's gone  
I'm on that Bombay and lemonade  
That's what be sippin' on  
Ridin' clean and sitting low  
Rollin' all my weed 'til it's gone
