

Wiz Khalifa, Dirty Laundry

It ain't even over
It ain't even over, over baby
It ain't even over
It ain't even over, over baby
I ain't going nowhere, I ain't going nowhere
I'll be right here
I ain't going nowhere, I ain't going nowhere
No we ain't fake, we original
Always stay baked everywhere we go
No we can't wait, what you in it for?
25/8 smell it when I pull off, pull off, pull off
Move on, move on, move on

If you wanna spend some time we can do some shrooms
Who wanna kick it?
Only got a couple hours
Plan I'm gonna stick with
I'ma keep on passin' 'round 'til everyone get lifted
Brought to much, I might leave some but I forgot to mention
Got some new inventions
I'ma hit you up next time but I'm too tired to visit
I might send you home with some of this fire with my permission
Found out you don't care, you love your life you wanna live it

It ain't even over, over baby
It ain't even over
It ain't even over, over baby
I ain't going nowhere, I ain't going nowhere
I'll be right here
I ain't going nowhere, I ain't going nowhere
No we ain't fake, we original
Always stay baked everywhere we go
No we can't wait, what you in it for?
25/8 smell it when I pull off, pull off, pull off
Move on, move on, move on

You bout to go insane, callin' me out my name
Forecast call for rain, you hoping that I stay
Grabbing me by my face, act like you wanna play
Kush in the gravity bong, joints in the ashtray
Last time we did this you was sleep before we finished
Real bomb the killest, Young Khalifa the realest

It ain't even over, over baby
It ain't even over
It ain't even over, over baby
I ain't going nowhere, I ain't going nowhere
I'll be right here
I ain't going nowhere, I ain't going nowhere
No we ain't fake, we original
Always stay baked everywhere we go
No we can't wait, what you in it for?
25/8 smell it when I pull off, pull off, pull off
Move on, move on, move on
