Let's all just smoke it, baby, let's all just roll and smoke get high  
I got some, you got some, so we got some, c'mon  
Let's all just smoke it, baby, let's all just roll and smoke get high  
I got some, you got some, so we got some, c'mon  
Let's get a joint, get a light, get faded  
I got a pound of the funk, got flavors  
Let's get high, 'cause the kush my favorite, woah-woah-woah, oh  
We go on and on and on, we go on and on and on

Ridin' with the top down, blowin' all the pot out  
Don't care if the cops out, I'ma smoke mine  
Rollin' all the weed up, tell me, have you seen her?  
Proly with a G throwin' up gang signs  
And I don't have to try that, baby, can't deny that  
When she hit the kush, it make her choke, she have to fight back  
Them niggas interrupt the session, we don't like that  
If you got kush and got a cone, then you should light that  
And I'll be right back  
Had to get a leash 'cause I'm tired of askin' niggas where my light at  
Hope you brought your own bud, 'cause if it's the bomb, then we might match  
Kush got a nigga movin' slow 'cause every day I live my life fast  
You can smell the tree when I'm ridin' down the street

Let's all just smoke it, baby, let's all just roll and smoke get high  
I got some, you got some, so we got some, c'mon  
Let's all just smoke it, baby, let's all just roll and smoke get high  
I got some, you got some, so we got some, c'mon  
Let's get a joint, get a light, get faded

Let's get high, 'cause the kush my favorite, woah-woah-woah, oh  
We go on and on and on, we go on and on and on

Put it out before you burn a hole in the couch  
Smokin' kush with my young niggas from the South  
They be like, "Cap, why that joint so fat?  
And why it have to hit like that?"  
Fillin' ashtrays, lotta roaches, that's a fact  
No matter the case, all of my niggas smoke pack  
Pull out of the case, I got some kush that's throwback  
Get out of my face, you little niggas so wack  
She's smokin' the better weed with me and all that  
And I got a plan for me to get it all back  
If you need a pound, then you can get a callback  
Smokin' the bombest weed with me, it's all facts  
They really just talk, it ain't really all that  
We rollin' it all and we gon' get you high fast  
You rollin' with bosses  
You rollin' with bosses

Let's all just smoke it, baby, let's all just roll and smoke get high  
I got some, you got some, so we got some, c'mon  
Let's all just smoke it, baby, let's all just roll and smoke get high
