

Wiz Khalifa, Get Nervous

See Ya
(Beat that motherfucker up, Quad)

When I first started out, ain't had no plan B
Gon' make it to the top, fuck if you can't see
Fuck all these hoe niggas rapping for the family
If you ain't a rich nigga prolly can't stand me
Even if you are I might get on your nerves
Shit's a real feeling to see me winning, it hurts
I grind real hard, I'm getting what I deserve
My bitch getting drunk, my dinner is getting served
Some niggas getting punked, some niggas is getting curved
Was cool at first but you getting a different version
Say it on live but won't say it in person
Bitch see me out in public and she get nervous

Really tryna get stoned, nigga, how 'bout you?
I'm really down to take shrooms, nigga, how 'bout two?
I'm really tryna get rich, nigga, how 'bout you?
And I'll never stop going to the bank 'cause that's all I do

And my bitch get high too
Tattoos on her thighs too
You could see it in her eyes too
Never did but she'll try shrooms
I'm a king, you can come to my castle
No-top Lamborghini go faster
Few bitches in my crib adult actors
I direct 'em, you cast 'em
Real life, no VR glasses
Backyard Coachella, no passes
Can't do it like us, no matches
Look like she Asian but the bitch speaks Spanish

Really tryna get stoned, nigga, how 'bout you?
I'm really down to take shrooms, nigga, how 'bout two?
I'm really tryna get rich, nigga, how 'bout you?
And I'll never stop going to the bank 'cause that's all I do

Hahaha
We up in this bitch smoking heavy, bro, like for real
Y'all niggas be rolling bullshit
And stop saying that blunts aren't tobacco
It's like smoking a cigarette
See Ya
