You be goin' hard, you be goin' hard (uh, uh)

Know me from the start, I'ma play my part  
I got no heart, I be goin' hard  
I be blowin' strong, got my money long  
Ain't down for the situation, then you can't grow  
Got a fat ass, how do you perform?  
Say she love my swag, ask what I got on  
Fuck you all night, Uber in the morning  
Your girl look good, you should tell her join in

You be goin' hard, you be goin' hard  
You be goin' hard, you be goin' hard  
Other bitches, they be slackin', you be on your job  
You be goin' hard, you be goin' hard  
You be goin' hard, you be goin' hard  
You be goin' hard, you be goin' hard  
Other bitches, they be slackin', you be on your job  
You be goin' hard, you be goin' hard

Baby, bend it over, let me see you twerk  
Say that you can't stay, say you gotta work  
So big I see that ass underneath your skirt  
Smoke weed, so you pass 'cause you need the purp  
I be on alert, grindin' from the dirt  
Fucked her so good, say I come in first  
You just need another glass, then you gettin' turnt  
Bend it over, throw it back, put it in reverse

You be goin' hard, you be goin' hard  
You be goin' hard, you be goin' hard  
Other bitches, they be slackin', you be on your job  
You be goin' hard, you be goin' hard  
You be goin' hard, you be goin' hard
