

Wiz Khalifa, Have Fun

I ain't Cupid, I know you love hard days
I know you love gettin' yo' way, you're used to it
I ain't playin', 'cause games are for kids
Ya body's such a gift, your vibes one in a million
Now the sun's risin', now we in private
No stressin', just chill
Say you ain't drivin', stay, you invited
No fake shit, I'm for real

No I ain't like them other ones, we could just have fun
Just have fun, just have fun
No I ain't like them other ones, we could just have fun
Just have fun, just have fun, just have fun

Uh, ha, yeah
Her boyfriend wanna be, but he not like us
That cash money takin' over, she gon' back that up
Ain't gotta pay for it
She wanna flight, she can't wait for it
She speedin' to it like a race for it
I told her "Baby, pull up right now
And wherever you want, I'll take you down
Just don't tell ya nigga cause he a clown
Look, I got a spot we could meet downtown"
And that's a quick play
Been on vacation for six days
Six four in a six tray
Six fives, what the lick say?
We took chances to get paid
We hit the club and the scene changed
I got the call, I was ready to ball like draft day
Met her on the north, hand to hand in the hallway
Said she like Chardonnay and music by Sade
Got the money as a Peewee and now it's the Longway
Yeah

No I ain't like them other ones, we could just have fun
Just have fun, just have fun
No I ain't like them other ones, we could just have fun
Just have fun, just have fun, just have fun
