

Wiz Khalifa, High Maintenance

Running out of patience
Running out of favors
Only got time for the good vibrations
Very well dressed so I'm kinda high maintenance
Don't mind waiting
I like to work for it so the house look spacious
Meetings with my accountants 'cause I gotta sign papers
Learned an awful lot 'cause of the time that it take
Learned an awful lot off the mistakes that I made
Never took your advice if you ain't playin' the game
Never got off my pivot, I just stayed in my lane
People treat you different when your name on your chain

People treat you different when the girls scream your name
Don't go to the cleaner, I just wash it in the rain
Smile everyday, I just don't expose the pain
I'm tryna get this money, should be focused on the same
Looking at me crazy like I spoke a different language
Got some good intentions but I'm with fools that's dangerous
Niggas got some problems, ain't gon' post it or gon' say it
Police comin' 'round where we post up and we sling at

Supposed to hold me down if you my bro, just don't say that
Too much hate around, nigga who come through where you lay 'em
My city, I got the crown, I know a couple nigga hate that
Never be a clown, I heard that pussy overrated
That's how my life go down and it ain't just for entertainment
And I can't have her 'round if she ain't famous
I can't buy it for her if she can't name it
I ain't have it easy but I ain't complaining
Can't say we ain't famous
Came from the bottom so you can't blame us
And you can't change us
Money talks

People treat you different when the girls scream your name (Big faces)
Don't go to the cleaner, I just wash it in the rain
Smile everyday, I just don't expose the pain
I'm tryna get this money, should be focused on the same
Looking at me crazy like I spoke a different language
Got some good intentions but I'm with fools that's dangerous
Niggas got some problems, ain't gon' post it or gon' say it
Police comin' 'round where we post up and we sling at
