Wiz Khalifa, Incense

Ooh, oh, and oh
Purps on the beat
No, no, no, no, no, no
Ooh, no, no
Once we smoke, we gotta use them incense, babe
Do my stroke, for real
I'mma do it slow, like a puff-puff pass
Right

And when we smoke Oh, we gotta use them incense babe When I stroke, I'mma go slow when I'm in it So long, we be burning out them candles girl Oh, no, no, nooo

When I'm out with my niggas, when you're out with your bitches ...You don't text or call!
You the late night type, you would spend a little, too

Ride with me, spend time with me Unwind with me, so I could read And be on top of me In front of me Having fun with me Girl, for none of me

And when we smoke, we gotta use some incense, babe And when I stroke, you gonna remember my name when I'm in it Go longer than them candles burn

You want it all? You get it all Where my down-South girls? Where my Eastcoast girls? Where my Westcoast girls? Where my Chi-town girls? My Toronto girl Oh, I know you with it Out of France, they say that I'm the man

And when we smoke, we gotta use them incense babe When I stroke, I'mma go slow when I'm in it So long, we be burning out them candles girl Oh, no, no, nooo

When we smoke, we gotta use them incense, baby When I stroke, you gone remember my name I'ma go low, do it til them candles burn Uhh, ooohh, uhhh
