

Wiz Khalifa, Million Dollar Moment

Yeah
Yeah
Yeah
Yeah
PFL

A million ways, I only need one
A million moments, I only need one
No fear on my body, no, I don't feel none
My swagger is different, no stop 'til I'm done
Just look at my eyes, you'll see I'm the one
A million reasons, I only need one

Yeah, yeah
I'mma put it in the work everyday
Yeah, yeah
I'mma go hard when I'm center stage
Yeah, yeah
To get to the top I gotta take risks
Yeah, yeah, yeah
Fight for your spot, that's how champs are made
Do what it takes to survive
A million reasons, but there's only one reason why
I waited most of my life
I know that you only get one shot, I'm making it mine
Hustled hard, paid the price
A million reasons, I'mma shine
I took the chances, made it right
I never sleep, I gotta grind

A million ways, I only need one
A million moments, I only need one
No fear on my body, no, I don't feel none
My swagger is different, no stop 'til I'm done
Just look at my eyes, you'll see I'm the one
A million reasons, I only need one
