

# Wiz Khalifa, MVP

Guess who's back in the motherfuckin' house with a big fat joint  
Girls get close, rub me in my ointment  
So many chicks, gotta make an appointment  
So many dips, all her friends wanna join in  
Life ain't boring  
Broke up with her boyfriend, I'm exploring  
Just got three and I might bring more in  
I be scorin', Michael Jordan  
Gotta lot of game, that's right, I was born with it  
Live rent free in my mind, that's storage  
Whole lotta tree, I look like a forest  
You don't wanna fuck, you know right where the door is  
Push it down like a night I'm performing  
Don't give it up first night, that's torture  
Pull up in the truck, all white, that's a fortune  
Player of the Year, that's right I'm awarded

MVP, baby, that be me  
Some might pay, but I get mines free  
Some might trick, I don't pay no fee  
I run G-A-M-E  
Might've got paid, but it ain't from me  
I don't have fun, life ain't complete  
She say pay, I say, "Bitch, please  
I'm a player, can't you see?"

Looking for a gift, this ain't Christmas Eve  
Gotta watch dips with them tricks up sleeves  
Wanna take sips, wanna hit this weed  
Say it ain't shit like it get perceived  
Got a lot of chains like Mr. T  
Left with a couple 'cause she just a thief  
But down bad yesterday, this her week  
Then onto the next nigga, yes, indeed  
Yes, need a bad one that'll ease my stress  
Got some real ones in my corner, I'm blessed  
She in love with me if she confess  
We done came up, see the progress  
On a mission and she impressed  
'Bout my lifestyle, it ain't no mess  
Party all night, we don't get rest  
Had to fall back, she was too pressed

MVP, baby, that be me  
Some might pay, but I get mines free  
Some might trick, I don't pay no fee  
I run G-A-M-E  
Might've got paid, but it ain't from me  
I don't have fun, life ain't complete  
She say pay, I say, "Bitch, please  
I'm a player, can't you see?"

You can't get nothing from him (No can do)  
You can't get nothing, no (No can do)  
You can't get nothing from him (No can do)  
You can't get nothing, no (No can do)
