

# Wiz Khalifa, Never Been Part II

Uhh, hundred thousand dollars, it may sound like it's a lot  
Really it's not to me, now grab some of this weed and roll this pot  
I had to speed up, cause all these niggas slow  
I probably won't be up in there if I ain't got an O  
Now I got my feet up cause I'm on top and niggas hopin' that I stop  
But I'm just smokin', livin' life like in the movies that I watch  
In my jacuzzi, roll another doobie  
See what's newest on Netflix, order another movie  
See I'm smokin' the best shit  
Mo'fuckers ain't ballin', so they're seein' the exit  
I stay on my job so you can see I'm up next  
Dawg I be goin' so hard, some say I'm needin' some rest  
Got so much smoke in my lungs, it ain't s'posed to be on my chest  
And niggas talk but don't even be on them jets  
Man they don't even seein' them checks  
But you can tell by how I spit it, nigga I be gettin' dough  
Take her all the places that she never been befo'

(Don't give a fuck about the)  
Money, clothes, cars  
I've never been, this far  
And fuck that other shit them niggas talking about  
I've never been, this high

I'm in my Grand Natty, smokin' on that granddaddy  
It got an odor like a motor runnin', fantastic  
Never the minor things, I'm movin' on to finer things  
Yellow stone, diamond rings, Balmain designer jeans  
Chanel frames, Louis scarves, movin' like the mob  
I'm gettin' money, so maybe baby come get a job  
So fuck them other bitches, we onto other business  
And fuck them other niggas, we at them dollar figures  
Versace chains, gold Rollies, it's the same game  
Racked up, shawty, Rosé bottles every day  
Sipping that purple stuff, twistin' the pretty leaf  
Pull up in that Ferrari, this bitch in disbelief  
On the road to the riches, 'nother crook in the castle  
Only fuck with my niggas, pray we all livin' lavish  
I pray we all livin' so lavish  
I pray we all livin' so lavish

(Don't give a fuck about the)  
Money, clothes, cars  
I've never been, this far  
And fuck that other shit them niggas talking about  
I've never been, this high
