

# Wiz Khalifa, Never Too Late

"Never too late, too late to stop stop, never too late, too late to stop stop"

I'm tryna have the wrist all glitted up  
Whip all kitted up  
Niggas say Cam change, wiz couldn't give a fuck  
Spit it like my last song, one life live it up  
Niggas see Cam's change, kids couldn't get a buck  
So please don't approach me man  
Like this a free show, cause you don't know me fam  
And please don't extend your hands like you know we fam  
And please don't pretend like we homies scam  
Where was all this love at when I was only Cam?  
When I was tryna sell y'all my only jam?  
I don't keep friends, I'm my only fan  
And take falls, I'll never, I will only stand  
Ima make this all riches, is what I told E then  
If you don't know me now, then how you know me then?  
And I hope y'all loving the kid, but if not, its

"Never too late, too late to stop stop, never too late, too late to stop stop"

I'm tryna have the strip all whipped out  
Crib all pimped out  
Chicks smiling in my face, tongues all licked out  
Flat on the front side, back all sticking out  
Waiting for that one time, a rap nigga dig her out  
But you gone have to slow up love

No birds tryna fly with me on my trips  
If I am with a Miss, she a down ass chick  
So take a sec, just chill and get off my tip  
I'm just tryna get rich of these tracks I get  
And you tryna get rich off the scratch I get  
And you chicks think it's all about bread, but it's not, its

"Never too late, too late to stop stop"

"Cause I wan't to tell you, that there's no point in hating anybody, because to the extent that you te

I'm tryna have the city on lockdown  
Fam off the block now  
Money coming fast, more cash then the cops now  
Would harass, but they can't really not now  
Used to laugh, but your man's really hot now  
I used to rap for the kids in class  
Told em I would use rap just to get my cash  
And I was only worried bout how to get my math  
And told my teachers and the staff they can kiss my ass  
Cause I can't find a interest in my book  
So I stayed to myself in every class I took  
Supposed to be doing work, but I made my hooks  
Cause I get motivation everywhere I look  
And I show no regret for any chance I took  
But I learn from mistakes just like I should  
So if you dudes ain't paid your dues, for you fools its

"Never too late, too late too stop stop, never too late, too late to stop stop"
