

Wiz Khalifa, NeverDrinkingAgain

How did I slip up?
When I said I wasn't drinking again
How did I slip up?
When I said I wasn't drinking again

It's been a minute
Still in it
One more song then I'm finish
Two more songs 20 minutes
Three more songs handle business
Lotta women, no liquor
I don't really want my head spinning
I know where to start, know the beginning

It be like two shots then I'm loaded
Then them two shots turn to 40
Then I wake up in the morning

How did I slip up?
When I said I wasn't drinking again
How did I slip up?
When I said I wasn't drinking again

It was just me, two women
We was in my backyard swimming
Smoking weed, rockstar living
They was drinking out the bottle, I was chilling
No limit, no limit
They didn't really have no limit
I know how it go when you're feeling it

It be like two shots then I'm loaded
Then them two shots turn to 40
Then I wake up in the morning
