

# Wiz Khalifa, On My Level

Hahah, say Jim

It's the champagne pourin', big joint rollin'  
Bombay sippin', no blunt smokin'  
Bad bitch gettin' thick, and she got some friends with her  
I take 'em out, pour shots of liquor  
Drinkin' out the bottle, smilin' in all my pictures  
The marijuana loud so them hoes follow like Twitter  
Nigga you know everything Taylor  
Don't rush to the bar, fool, if you ain't got no paper, that's the rules  
High as fuck, sloppy drunk when I'm passin' through  
Rollin' doobies up, your ho who we pass 'em to  
Hit the club, spend this money up  
Roll another one, drink, act a fool, that's what I have to do

See I've been drinking champagne, all night  
Never worry bout a damn thing, y'all might  
Homie I'm on my level (yeah) I'm on my level (yeah)  
I'm on my level (yeah) I'm on my level (yeah)  
So let me take one shot, to the brain  
And I order three more shots, I'm going in  
Ayy, I'm on my level (yeah) I'm on my level (yeah)  
I'm on my level (yeah) I'm on my level (yeah)

Spent a couple dollars on my engine  
Motor roaring when I back out the garage  
Gin got me drunk as fuck stumbling out the bar  
Plus I'm struggling tryna find the keys to my car  
Cause I be going hard  
Roll the camera, life just like a movie, I'm the star  
Wish you was in my position, you too broke to play the part  
Of course I keep some bad women  
With me in the back, sippin' Rosé with some hash twistin'  
All about a dollar, my team into cash gettin'  
Straight outta the 'Burgh where we drink and we smash niggas  
So when I say I'm balling, that don't mean that I'm playing, mayne  
All my diamonds talking, you can see what they saying, mayne

See I've been drinking champagne, all night  
Never worry bout a damn thing, y'all might  
Homie I'm on my level (yeah) I'm on my level (yeah)

In the middle of the night, early in the mornin'  
From the streets to the sheets with some freaks, I ain't yawnin'  
I'm wide awake, we ain't eatin' and we ain't sleepin'  
These bitches so high, man, we ain't even speakin'  
We just freakin', you rollin' with Short Dog, baby  
She was high on that pill so I fucked your lady  
Come to my house, I give 'em everything they want and  
I might not do it, but I'll give it to ya women  
Cocaine, mushrooms, ecstasy, GHB, marijuana  
She can suck it if she wanna  
I got tequila, Ciroc, and two freaky friends  
And it's a Wednesday night, this ain't the weekend

See I've been drinking champagne, all night  
Never worry bout a damn thing, y'all might  
Homie I'm on my level (yeah) I'm on my level (yeah)
