

Wiz Khalifa, On The Road

Ring around the rosey
Pocket fulla OZ's
Watchin' for the police
AP or the Rollie?
Got a boyfriend, now she act like she don't know me
I ain't really trippin' 'cause the money is the mission
Lookin' in the mirror, I can see the competition
I'ma always keep it real, niggas fake and that's the difference
Stayin' outta prison
Got a couple pretty girls takin' turns kissing
Don't want her at my crib, told her "Stay up out my mentions"
You can see the money from a distance
Teach her how to roll kush and handle business
Blow it by the pound, you niggas still pinching
Makaveli bands and my diamonds end friendships
Ain't a million dollars? I can't show interest
When I'm round you niggas, I can feel the tension
The shit I'm smokin' strong enough to start a engine

Girl, I'm a gangster, I can't tell you twice (I can't tell you twice)
If you believe me, girl, that would be nice (Girl, that would be nice)
I could fuck you but I can't stay the night (But I can't stay the night)
I'm on a roll, when I'm on a roll
When I gotta go then I gotta go

Mayweather diamonds on
Say she never tried a bong
And she love all my songs
Crazy, said "I got her goin'"
Rappin', handle business like I'm Jay-Z but my name ain't Shawn
I got hella talent, I ain't gotta flaunt
Smokin' with' a bitch that's bad and blonde, tell her "Tag along"
So many diamonds in it, can't tell if the time is wrong
They tell you "Young Khalifa the GOAT", you been well informed
No, I never took the easy road, I weathered the storm
Few rings, six chains and a hoodie on
Khalifa man, gettin' money, they know what he on
Hating on another nigga, somethin' I ain't never doing
Instead of holding on to game shit, I'd rather show 'em
How to hustle, how to grow
How to stack that money up and get mo'
How to be in the public but stay low, it takes patience, move slow
And don't forget what you do it for

Girl, I'm a gangster, I can't tell you twice (I can't tell you twice)
If you believe me, girl, that would be nice (Girl, that would be nice)
I could fuck you but I can't stay the night (But I can't stay the night)
I'm on a roll, when I'm on a roll
When I gotta go then I gotta go

Girl, I'm a gangster, I can't tell you twice (I can't tell you twice)
If you believe me, girl, that would be nice (Girl, that would be nice)
I could fuck you but I can't stay the night (But I can't stay the night)
I'm on a roll, when I'm on a roll (On a roll)
When I gotta go, girl, I gotta go (Gotta go)
