

# Wiz Khalifa, One Way

All I ever wanted was lights, camera, action  
People staring at night, cameras flashin'  
Living the movie not prepared to see the last scene  
All I want is the pretty women for the casting  
Won't confront him, put your money where your mask is  
You a chump, talk guns, but scared to blast his  
Buy them bottles by the case, we don't gotta chase  
For the love of money, we in a million dollar race  
Windows done tinted, niggas hate em, but I fish bowl  
So I can let your ho see me while I'm in it, yeah  
See I ain't got a deal  
But everybody know that I ain't kinda real  
I'm hundred dollar bill authentic, yeah  
Hotel room, marijuana's in it  
Chevy watchin' the game, your bitch she rollin' me planes  
Passport paying my dividence for the fame  
Mind in the gutter, you niggas ain't in my lane  
(Fool)

This is not the life I chose, but it's the life that chose me  
The money's got me everywhere that all these hoes be  
And they can talk crazy 'cause they don't know me  
'Cause if you know me, I'm out here dreaming  
The party hoes, the cars and clothes, living life is all I know  
I found my lane and I won't change for nothing  
There's only one way to go

Now they cop the mixtapes and watch my videos  
Maybe 'cause I got bars like a serial... code  
Louie pouch full of pre-rolled  
Mouth full of kush, mind on my zero  
Hoes always thought I was cute but wouldn't speak though  
Now they see me they be joking on my steelo  
On a private ride higher than a ski slope  
I'm just flyin', haters try and cut my wings though, whoa  
Now they see us and wanna be us  
I'm partyin' poppin' bottles  
With models to meet and greet us  
Fuck her, follow, and then re-tweet us  
In the sky, so my nigga keep up

I don't know where this road will go, 'cause my life is crazy (Fuckin' hoes, everywhere we go)  
But I ain't changin', baby (This shit, you burn after you roll)

This is not the life I chose, but it's the life that chose me  
The money's got me everywhere that all these hoes be  
And they can't talk crazy 'cause they don't know me  
'Cause if you know me, I'm out here dreaming  
The party hoes, the cars and clothes, living like it's all I know  
I found my lane and I won't change for nothing  
There's only one way to go
