

Wiz Khalifa, Outro

I'ma uh
More places than I've ever been
More money that I could ever spend
More hotels than I could ever rent
More bitches than I could ever sleep with
More faces than I could ever know
More weed than I could ever blow
More fans front row at every show
And we go
I'm so high, so high
Up above the clouds, clouds
No one pulling me down, me down

Smoking, smoking
Chilling, chilling
Up at the top of the world, the world
Up above the clouds
No one pulling me down, me down
Growing, growing
We're cheating, cheating
Somebody dreaming
But you just living
