

# Wiz Khalifa, Purpose

I know my purpose is to do way more than scratch the surface  
I know my purpose is to stay away from chicks that's worthless  
I know my purpose is to (All you), say more than I purchase (DJ Daddykat on the mix)  
I know my purpose is to make these pussy niggas nervous

Two puffs and I'm in the gang, too much muscle when I'm switchin' lanes  
Fly my planes, I just want the cash, I don't want the fame  
Couple chains, spillin' out on names, got you goin' through a phase  
Rollin' J's, youngin told his parents it's gang, so they know it is  
Keep my family close like my youngins to the toast  
This a thousand dollar roach, put it down, and you gon' smoke  
Nowadays, I hardly post 'cause these rappers do the most  
I never go broke, was MVP, but now, I'm the coach

I'm smokin' kush on the West Coast  
Know some niggas who had shit on lock, but then they choked (Hahaha)  
Me, I run it up until I can't do it no more  
See me as a boss and you don't speak unless you spoke to (All you), do just what you told

I know my purpose is to do way more than scratch the surface  
I know my purpose is to stay away from chicks that's worthless  
I know my purpose is to save more than I purchase  
I know my purpose is to make these pussy niggas nervous

Rolls-Royce when I'm steppin' out, money, family's what I care about  
Airin' Karens out, I don't care 'bout clout, love me in the South  
West Coast, I built a house, Pittsburgh my stompin' grounds  
East Coast, it's goin' down, in Toronto, I smoke it out (DJ Daddykat)  
I built it out, and if I ain't legendary status, then I'm gettin' close  
And if there's a problem, my niggas go  
Grindin' until they tell me I'm the G.O.A.T  
I'm the one that gave all you lil' niggas hope

Smokin' kush on the West Coast

Me, I run it up until I can't do it no more
