

Wiz Khalifa, Rich Kids

Beat that motherfucker up, Quad
Ron Ron, do that shit

Besides me there ain't no real niggas left
A big joint, two charms on my chest
It look like water in that bitch but that's diamond
The bitch wanna see the top but still climbing
Hold up, ain't no top on my whip
I don't call her to fuck, just get top from the bitch
A million followers, popular bitch
A million pounds, I smoke legit
A million hoes but I still handle business
Ten bitches on a business trip
Little homie, you should witness this
I'ma leave my money so my kids get rich

They say I look like Batman sliding in a whip
They say the girls love Wiz when I rub on your tits (Go 'head, baby)
They say the niggas love Wiz when I roll up a zip
If I was you, lil nigga, I'd be tryna get rich

Pull 'em to the side, I ain't tryna make love
Let her do shrooms, she ain't ever did drugs
Used to be a customer, now I'm the plug
Seen her suck dick on the cam, that's a plus
And I don't gotta talk 'cause my Benz speak
Couple real niggas, that's family
Blowing on KK smoke so I can't see
She say the dick taste like candy
Niggas act like hoes so they can't be gang
They do shit that's all kinda lame
Might kick off my shoes on a private plane
Might fuck on your bitch and get high today

They say I look like Batman sliding in a whip
They say the girls love Wiz when I rub on your tits (Go 'head, baby)
They say the niggas love Wiz when I roll up a zip
If I was you, lil nigga, I'd be tryna get rich

Yeah, man, it's still going
The firepit is-is-is kickin' right now, you
'Bout to get some hookah for the girls
My niggas on the pool table
It is what it is
See Ya
