

# Wiz Khalifa, Say No More (feat. Ty Dolla Sign)

Say no more  
Say no more  
Say no more  
Don't say nothin'  
Tell her don't talk about it  
Just be about it  
Don't talk about it  
Just be about it  
Don't say nothin'

First I'm a roll up, then pour up  
Then we gon' fuck, she know what's up  
I'm a make you cum, bout' two or three times  
Then I'm a get mine, yeah I'm a get mine  
We gon' run it back, straight drop  
Bet you get on top and I'm a just watch  
I'm a smoke while you ride, she said that pussy mine  
Smoke while you ride, she said that pussy mine  
I told her

Say no more  
Say no more  
Say no more  
Don't say nothin'  
Tell her don't talk about it  
Just be about it  
Don't talk about it  
Just be about it  
Don't say nothin'

They said it's the end of the world today  
So I'm a let it be known  
When I'm inside you, it's my favorite place  
Park my ride where your heart's at, that's home  
Your legs are shakin' your lips are cold  
You're out of body, you're in control  
Start up my ride, roll up that weed  
You don't smoke so hand me a light  
I don't drink and drive but I watch you takin' them shots  
And get faded, say your life's a bitch, you hate it  
Who gives a fuck about money, on material shit, life's wasted  
Can't count how many thousand couches we done laid in  
Who knows how many hotel rooms we done stayed in  
When I'm late coming home or what, you already know what's up  
Don't even call my phone, just come

Say no more  
Say no more  
Say no more  
Don't say nothin'  
Tell her don't talk about it  
Just be about it  
Don't talk about it  
Just be about it  
Don't say nothin'

Smoke while you ride, she said that pussy mine  
Smoke while you ride, she said that pussy mine  
Smoke while you ride, she said that pussy mine  
Smoke while you ride, she said that pussy mine  
Smoke while you ride, she said that pussy mine  
I told her you deserve what you get in this world that we live in  
Know your purpose I heard you been hurt before, you're lying there again  
Playing caution to the wind

What you want is in front of you  
Games are meant to be played yeah  
But you, well you ain't far from your own star  
We in our own world  
Doing grown things but still feeling like kids  
Let the past be the past  
It was what it was, now it is what it is  
No fears in the world  
Say no more  
Say no more  
Say no more
