

Wiz Khalifa, Spacely

Space shit, yeah
I'm on my spaceship, yeah
Star Power, star life, star year
Taylor Gang
Yeah

Rocks on my wrist, got rocks on my chain
I'm spacely, I'm spacely
Kush in my lungs, rips in my brain
I'm spacely, I'm spacely
Feelin' like a star cuz a star's what I am
I'm spacely, I'm spacely
Anywhere I go, I'm the man, hunnid grand
I'm spacely, I'm spacely

See me in the club on patron all night
Black trucks but the floor's snow white
Rocks in my chain so them hoes gon' bite
Hoes on deck if you don't go right
I go left, control myself
Hit it sweet 2 times and I hold my breath
And I'm spacely
Gettin' rich so the hoes want to taste me
Show them keys to the ship, let's make way
Act dumb, make 'em laugh like Lacey
Girl, look at this star here
Flyin' till I die, nigga, it's star year
Feelin' my swag, look at this star gear
All black Taylor's, blowin' that flavor
Hunnid thousand numbers in my sidekick pager
Out of this world, I feel like Neil

Rocks on my wrist, got rocks on my chain
I'm spacely, I'm spacely
Kush in my lungs, rips in my brain
I'm spacely, I'm spacely
Feelin' like a star cuz a star's what I am
I'm spacely, I'm spacely
Anywhere I go, I'm the man, hunnid grand
I'm spacely, I'm spacely

The life that I live, new city everyday
People know my name everywhere that I go
Smoke good everywhere that I go
Smell purp everywhere that I blow
And I'm sellin' out everywhere I got a show
15 Karats
Bitch can't wear it
SS on my chest, I'm a star
Now your main bitch stretched in my car
Fresh off the planed, lame niggas I jet passed
High as fuck and I got jet lag
Passed [?] you wish you had
Can't fly out, youngin', it's too bad
Hoes on my 2-way, I hit too fast
Yeah, it go crazy
Yeah, cuz I'm spacely
Don't look back
A star's what you're lookin' at

Rocks on my wrist, got rocks on my chain
I'm spacely, I'm spacely
Kush in my lungs, rips in my brain
I'm spacely, I'm spacely

Feelin' like a star cuz a star's what I am
I'm spacely, I'm spacely
Anywhere I go, I'm the man, hunnid grand
I'm spacely, I'm spacely

"Let's go where?"
It don't matter, baby, I don't, care
Cuz I'm up so high
Look at my stones, how they rose so bright
Lookin' like some shit you can find in the sky
Goddamn
Damn nigga, you get there and it's cool
How in the world does he do what he do?
And why do the goods in his car go in the air?
Maybe cuz he's eatin' better than Ice Cube
Goddamn
He's really doin' it big
Fresh off the plane, burnin' purple with Wiz
Fuckin' all night till I can't feel my ribs
Smokin' that grain till I can't feel my lips
Goddamn
This fast money is great
3 different Benzes, 3 different states
Them niggas poppin' but they're all fake
These niggas here really poppin' like K's

Rocks on my wrist, got rocks on my chain
I'm spacely, I'm spacely
Kush in my lungs, rips in my brain
I'm spacely, I'm spacely
Feelin' like a star cuz a star's what I am
I'm spacely, I'm spacely
Anywhere I go, I'm the man, hunnid grand
I'm spacely, I'm spacely
