

# Wiz Khalifa, The Code

Cash in the bag twirlin' up hash  
Blue in the count and I pour it out the mask  
Weed on repeat up all night  
Cash over sleep got hoes all type  
Live and you burn, grind and you earn  
Bitch I'm on fire, I sit and I burn  
Stackin' up money flippin' it too  
Y'all ain't heard me but the Benjamins do  
I'm bouncin' through the club like Tigger  
I'mma hit the dope, I'mma hit the liquor  
Nigga get wrong I'mma hit a nigga  
Take a nigga bitch home and I'mma hit her

Reppin' TGOD  
All these diamonds on me  
Passin' every joint that I roll to the ones that grindin' with me  
Now that's Taylor, (Taylor, Taylor)  
Homie that's Taylor, (Taylor, Taylor)  
Reppin' TGOD  
All these diamonds on me  
Passin' every joint that I roll to the ones that grindin' with me  
Now that's Taylor, (Taylor, Taylor)  
Lil' homie that's Taylor, (Taylor, Taylor)

Realest, this money only thing fame brought  
The crown ain't safe and I'm comin' for the spot  
Snatchin' all wigs bitch I'm coming for the top  
Put a run up on trip how I run up in the shots  
Queen Roe, I don't see nothin' but the gwap

All my money I'mma get it soon as I get it I'mma spend it  
Bought a new car soon as I whip this  
Smokin' that marijuana in it  
Takin' the value down but also taking a pound  
And breakin' it smokin' it all to me ain't no savin' it  
Fuck with them pods, no seeds or no shake in it

Uh, fuck these niggas they ain't really bout that  
Look I know what these niggas these niggas all rap  
What they know about nights that they never come back  
But he two shot now shells all in the mac  
On the top will never see none of that fall back

And we gettin' bake on anywhere the bread at

And now I'm up there  
You can't not put me up there with big niggas' names  
They count me out of the lil' niggas' names  
'Cause I'm not with the lil' niggas
