You know me and how the game goes
Good Mary Jane and everything gold
Keep everything player stay on my toes
Big business I'm talkin' big bank rolls
I ain't like them baby I'll help you boss up
When they started hating on us that's when they lost us
I want it all baby don't care what it cost us
Thinking it's over this year you got the wrong one
I did it all for my dawgs, for my dawgs, for my dawgs
I did it all for my dawgs, for my dawgs, for my dawgs

Big bag roll it with me, bad bitch talkin' to me
Big money count it with me, bomb weed spark it with me
Niggas steady look up to me, why they all talk about me?
Nigga why you hating on me? You ain't getting nothing out it
Mary Jane puffin', Khalifa cone stuffin'
That don't mean nothing, it's just another day
Another million tryna touch it, don't know no other way
Put it in safe try to save that for a rainy day

Keep everything player stay on my toes
Big business I'm talkin' big bank rolls
