

Wiz Khalifa, Weed Farm

Yeah, I'ma need the whole thing
Justize
Not half, I want the whole thing
We gon' take that
Put a few O's in there
Turn a couple of them around
And voila
Matter fact, we gon' have them everywhere
Yeah, bitch, yeah

I'm rolling up another joint soon as the weeds gone
You ain't on gas, it just seems strong
You ain't a boss unless your team on
You niggas going broke, you need someone to lean on
Young rich nigga from the burgh
Said I was gon' make it and meant every word
I remember I was getting curved
Always back it up, 'cause actions speak louder than words
I be outta state growing strains
I be smoking ounces to the brain (strong)
I be pulling up with one rolled
Just say my name if you wanna smoke

I'm in my weed farm (yeah)
I'm in my weed farm (yeah)
I'm in my weed farm (yeah)
I'm in my weed farm (yeah)
I'm rolling up another joint as soon as the weeds gone
I'm rolling up another joint as soon as the weeds gone

Now that shits legal, you know exactly what the fuck I been talking 'bout
I been sayin' this shit
Now you want some huh, ok I got you

Roll the paper, I ain't smoking blunts
O a day, That's two pounds a month
Put it in my lungs and then I'm good
Only smoking fire like I should
Used to deal with niggas tryna tax
Now I'm throwin' pounds and growing them back
Multi million dollars in the safe (mills)
Homie I been getting it from the gate
Pushing weight outta state
Putting big ass orders up on my plate
See, you was down to stand in line, I couldn't wait
You must not heard about the amount I'm finna make

I'm in my weed farm (yeah)
