Wiz Khalifa, Weed Roller

It's your boy Mr. EZ Wider And there's nothing I love more Then to come home to a nice fat, bold blunt And if you feel the same, call up

Shes my weed roller
And when I'm with her guarantee I'm never sober
She know exactly what I need she keep them swishers
The way she rolling up that weed I gotta keep her I gotta keep her

That's good weed and she knows so she don't fuck up my swisher She roll that thing that hit hard like a kicker I hit the bed and then I get to twist her Just like my swisher And she's my weed roller A 50 box she rolled 'em I was like damn She lit the first one up like you know who I am My weed roller She's only good for three blunts then it's over

Shes my weed roller And when I'm with her guarantee I'm never sober She know exactly what I need she keep them swishers The way she rolling up that weed I gotta keep her I gotta keep her

She know I need that weed as soon I come home off the road To make it easy on me she got one already rolled A nice long swisher
And shes a good twister
Yeah I got one that will roll my weed for me
And she don't smoke so that's more weed for me
No I can't front this shawty got me impressed
Make a cigarillo look like a cigarette

Shes my weed roller And when I'm with her guarantee I'm never sober She know exactly what I need she keep them swishers The way she rolling up that weed I gotta keep her I gotta keep her
