

Wiz Khalifa, Why Not Not Why

Why not call all your homegirls and get high?
Why not blow all this good kush in the sky?
Why not go out and get dressed 'cause I'm fly?
Why not get all of these chips? I'm that guy
Why not, not why?
Why not, not why?

Why not go hard every day? I won't settle for less
Want my own little piece of the pie
Why not be private when I'm on the plane
Smokin' weed with the pilot when I'm in the sky?
Why not smoke all of this weed that I brought in this bitch
When you know damn well I'm the supply?
Why not stay real when that's all that I've been?
I could never be fake, nigga, why would I lie?
Why would I try
To control a bitch knowin' damn well she ain't mine?
I'm on my grind
Never slow when it comes to this shit, I don't waste time
Hundred K, somethin' light
You my bitch for the night
Get drunk, get high
Why not, not why?

Why not call all your homegirls and get high?
Why not blow all this good kush in the sky?
Why not go out and get dressed 'cause I'm fly?
Why not get all of these chips? I'm that guy
Why not, not why?
Why not, not why?

Why not be honest?
Why you sneakin' 'round hatin' in the comments?
I'm a independent artist
But I keep a sky dweller with my armies
Why not be player?
You don't like me, why you askin' for a favor?
Why wouldn't you play this?
If you rich, why you still see your neighbors?
I can't help what she got a taste for
I'm on deck, you ain't gotta wait for it
Is you fucked up? I'ma make sure
Got a baddie, but I wanna date more
We gon' smoke kush 'til our ass sore
In the penthouse, on the top floor
Whole lotta dips, I don't keep score
No locked doors

Why not call all your homegirls and get high?
Why not blow all this good kush in the sky?
Why not go out and get dressed 'cause I'm fly?
Why not get all of these chips? I'm that guy
Why not, not why?
Why not, not why?
