But in my case never complained, never simped
Especially nowadays cause now I'm payed in a bitch
Hopping off that plane, somewhere I already been
The menu come in English, but the waiters speaking French
And haters ain't convinced
I ain't mad at em
I also made a 100K today and then laugh at em
I'm smoking on the bag that a nigga then have to stash
I payed cash for it, even my OG niggas be passing on it
My outfit always on some dumb shit, yeah I'm that ignorant
And keep my camera man with me cause I'm that historic
Bank account enormous, out ya category
Not to mention, got a closet full of that Dior shit
Niggas claiming that they new, ain't nothin new they bore me
I'm too into doin me for me to copy your shit
My diamonds shinin, yeah my ice is gorgeous
My flights are private, and my wife is flawless
I'm just livin my life

We are, we are
Young Millionaires
So everywhere we go
We look strange to ya'll
We are, we are
Young Millionaires
So everywhere we go
We look strange to ya'll

I had a dream that told me I'ma win
Just set my Rolly today and bout to have to change the time again
And I could prolly deal with the game without these fucked niggas chimin in
They told me I changed cus of money, nigga, money wasn't the problem here
Nor will it ever be nigga
Talk aloud with all my accomplices
Smokin pounds cus we proud of all our accomplishments (everyday)
Started at the bottom, made it out the bottom since
I guess gettin dollars just makes common sense
I guess that mean I'm ballin and you on the bench
I guess all of these commas mean I'm kinda rich
I guess that mean I'm spoiled cus my life's a bitch

We are, we are
Young Millionaires
So everywhere we go
We look strange to ya'll
We are, we are

Young Millionaires
So everywhere we go
We look strange to ya'll
