

Wizard, Fuck Your Ass

You are a bitch, don't know who I am. We felt in love for some years. But the last time I feel that there is another man. No more love between us.

I fucked your ass, you sucked my dick, I take my gun and I shoot you down.

But now I know it and I will kill you. You will get on your knees and kiss my shoes. When I hold a gun on your head I will see in your eyes when death came.
