

# Wizard, The Liberation

The hero rides through the silent night  
The sky is black like hell  
Out of howling of some wolves  
and the noise of his horse is nothing he can hear

He is on his way to the kingdom of devil  
His aim is to take his mistress out  
Armed with bow armed with sword  
he rides to set his mistress free

Through swamps and bush he must hide forward  
The devils adherent try to stop him  
But his sword shelters him  
and the gods stand by him

Full of hate and pain in his heart  
His body studded with scars  
Remembers a love time with his mistress  
He swears a vow vengeance against the ugly demon

Arrived the devil waited for him  
He fought with all his power  
Hit the devil with his sword  
And set his mistress free  
The dark world turned into a paradise of flowers
